Terms and Conditions

Sites and Parking Rules

- All guests must have an RV with a bathroom to stay. There are no public restroom facilities on site. Up to one tent is allowed per site.
- Your RV, extra vehicle, and personal belongings must be within your campsite perimeter at all times allowing space for other RV guests and emergency vehicles to drive and access the other sites. Campsite perimeter is marked by reflectors and fence.
- One vehicle is allowed per site. Extra vehicle parking is available next to the check in booth. Parking extra vehicles is not allowed in open sites, as it reduces available sites for rentals. Guests can pay for an additional site if they would like to have a second vehicle and space for a tent. All vehicles must be kept in good and running condition.
- Sites 1-5 and 9-13 are 40 ft in length, sites 6-8 are 45 ft in length. You are responsible for selecting the correct site size for your RV/trailer. Sites are wide enough for you to unhook your vehicle and park next to your trailer within your site. A maximum of 8 people are allowed per site.
- Quiet Hours are from 10:00 p.m. – 7 a.m.
- A maximum of 8 people are allowed per site. 6 people are included in the base rate and \$2/night fee will be charged for each additional person.
- Up to one tent is allowed per site. Tents must be camping with a self-contained RV, as there are no public restroom facilities on site.
- You must keep your site clean and tidy. Trash must be placed in a bag/receptacle and removed to the dumpster upon your departure. No under trailer storage, permanent structures or additions to your RV/trailer, close lines, or tarps are allowed.
- Washing your RV or vehicles onsite is prohibited.
- During winter stays, you are required to provide necessary heat tape and insulation to keep you RV and our water utility pedestal from freezing.
- Wood, charcoal, and propane fires are allowed in designated fire rings or personal fire pits, unless there is a Red Flag or fire ban warning issued by the local weather, county or state authorities.
- All sites have full hook ups with 50 and 30 amp electrical service.

RV Standards – Age Limit and Appearance Guidelines

All vehicles must be operable and in good condition. Please note that “good condition” does not mean “new,” and we do not typically have an age limit for RVs.

Overall, the RV should look and function as it was originally designed. While we can’t provide a list including every possible scenario, following are a few examples that should be helpful:

- Doors, shrouds, panels, windows and coverings, etc. should be intact and not unsightly.
- Exterior should be not unsightly, and should be free of obvious, poorly-repaired damages.
- Tarps cannot be used for weatherproofing and awnings should be in good condition.
- Air conditioning units and fans should not be added through the walls or windows.
- All hoses, wires, etc. should route through ports as originally designed.
- Exterior should be free of duct tape, repair tape, excessive caulk, etc.

Isolated minor issues are generally acceptable, provided multiple issues aren’t combined to substantially deteriorate the appearance of an RV:

- Minor body damage which has been properly repaired but is still visible.
- Fading of decals and/or paint.
- Minor window cracking, although replacements should be scheduled.
- Damage from traveling that has just happened, especially if you have a repair plan.

Check In and Check Out Rules

- Check in is 1:00 p.m. and check out is 11:00 a.m.
- We manage all of our reservations online and we accept walk up reservations at any time of the day or evening. If you arrive onsite and see a vacant site, you must go online to www.gonewestriv.com to check availability for the entire length of your stay. If the vacant site is available for the entire length of your stay, you will be able to reserve and pay for it online and then pull in and set up camp. If the site is unavailable for any part of your stay, you will need to search and reserve a different site or timeframe. Do not park in an open site that displays unavailable online because this means another guest has reserved that site and may be coming in late to stay.
- At departure, the site is to be left clean with all garbage removed, including cigarette butts, and placed in the trash dumpster next to the check in booth.

Pets

- Up to two pets are allowed per site.
- All dogs must remain on a leash at all times and cannot be left unattended at the RV site.
- Refrain your dog from excessive barking.

- Aggressive, dangerous, or easily frightened pets that result in disruptive behavior like fighting or biting are not allowed in the RV park.
- You are responsible for clean up after your pets and disposal of pet waste into the dumpster.
- Any pet disturbance complaints made to management will require you to make immediate arrangements for your pet to be housed elsewhere outside the campground. If you can not find alternate housing after being asked to do so, you will be asked to leave the RV park and not issued a refund.
